Kite Realty Group Trust Reports Second Quarter 2018 Operating Results

Indianapolis, Indiana, August 1, 2018 - Kite Realty Group Trust (NYSE: KRG) (“KRG”) announced today its operating results for the second quarter ended June 30, 2018. Financial statements, exhibits, and reconciliations of non-GAAP measures attached to this release include the details of KRG’s results.

“We continued through the second quarter with strong operational performance and execution on our objectives,” said John A. Kite, Chairman and Chief Executive Officer. “We reached several key milestones during the quarter - improving our operating portfolio’s ABR, lowering our Net Debt to EBITDA ratio, and raising our liquidity level to an all-time high. We contributed three operating properties into a strategic partnership at cap rates that demonstrate the private market value of our well-positioned, open-air shopping centers while also reducing our leverage. We continue progress on our Big Box Surge, and we expect to complete four additional 3-R projects by year end with solid projected returns.”

Second Quarter Highlights

Financial Results

- Realized net loss attributable to common shareholders of \$1.4 million, or \$0.02 per common share, including a \$14.8 million impairment charge.
- Generated Funds from Operations of the Operating Partnership (FFO), as defined by NAREIT, of \$45.7 million, or \$0.53 per diluted common share.

Balance Sheet

- Generated \$89.0 million in net proceeds from the contribution of three shopping centers to a joint venture involving TH Real Estate, a Nuveen company, and used the proceeds to pay down debt.
- Reduced ratio of Net Debt to EBITDA to 6.5x from 6.8x at the end of the prior quarter.
- Recast unsecured revolving credit facility, increasing the borrowing capacity to \$600 million, reducing the interest rate, and extending the maturity date.
- Realized an all-time high liquidity level of close to \$500 million.

Portfolio Operations

- Increased Same-Property Net Operating Income (NOI) 1.5% compared to the same period in the prior year.
- Generated blended cash rent spreads of 10.3% on 66 comparable new and renewal leases - blended leasing spread on a GAAP basis was 16.3%.
- Improved annualized base rent (ABR) for the operating retail portfolio to \$16.66 per square foot.
- Executed a 56,000 square foot lease at our Thirty South Meridian office building in Indianapolis, stabilizing our office portfolio leased percentage at 96.2%.

Redevelopment

- Completed Redevelopment, Repurpose and Reposition (3-R) projects at City Center (New York /Northern New Jersey MSA) and Portofino Shopping Center (Houston MSA).

Financial & Portfolio Results

Financial Results

Net loss attributable to common shareholders for the three months ended June 30, 2018, was \$1.4 million, compared to net income of \$10.2 million for the same period in 2017. Second quarter 2018 results included a \$14.8 million impairment charge relating to certain properties.

For the three months ended June 30, 2018, FFO, as defined by NAREIT, was \$45.7 million, or \$0.53 per diluted common share, compared to \$46.2 million, or \$0.54 per diluted common share, for the second quarter of 2017.

Portfolio Operations

As of June 30, 2018, KRG owned interests in 115 operating and redevelopment properties totaling approximately 22.5 million square feet and two development projects currently under construction totaling 0.7 million square feet. The owned gross leasable area in KRG's retail operating portfolio was 93.6% leased as of June 30, 2018, and the total portfolio was 93.7% leased. Small shop leased percentage maintained a strong level at 90.4%

Same-property NOI, which includes 102 operating properties, increased 1.5% in the second quarter compared to the same period in the prior year. The properties included in the same-property pool were 93.7% and 94.7% leased as of June 30, 2018 and 2017, respectively, while economic occupancy was at 93.0% and 93.9%, respectively, for the same periods.

KRG executed leases on 81 individual spaces totaling 356,896 square feet during the second quarter of 2018, including 66 comparable new and renewal leases for 263,997 square feet. Cash rent spreads on comparable new and renewal leases executed in the quarter were 23.1% and 8.2%, respectively, for a blended cash rent spread of 10.3%. The blended leasing spread on a GAAP basis, which includes periodic contractual rent increases over the term of the lease, was 16.3%.

KRG continued progress on its anchor space repositioning efforts (Big Box Surge) with the execution of two new retail anchor leases. HomeGoods leased a 23,364 square-foot space at Centennial Center (Las Vegas MSA), and Ollie's Bargain Outlet leased a 42,250 square-foot space at Colonial Square (Fort Myers MSA).

Balance Sheet

In the second quarter, KRG contributed three properties (Livingston Shopping Center in Livingston, New Jersey; Plaza Volente in Austin, Texas; and Tamiami Crossing in Naples, Florida) to a new joint venture with a fund managed by TH Real Estate, a Nuveen company, in exchange for a 20% ownership interest and \$89.0 million in net proceeds. KRG will manage the day-to-day operations of the properties, for which it will receive property management and leasing fees. The net proceeds received from the joint venture transaction were used to pay down debt. As part of the formation of the joint venture, a 10-year \$51.9 million fixed-rate loan (KRG share: \$10.4 million) was placed on the contributed properties, bearing an interest rate of 4.09%.

KRG continues to strengthen its balance sheet, as it reduced its ratio of Net Debt to EBITDA to 6.5x from 6.8x at the end of last quarter. KRG currently has only \$37.7 million of term maturities through 2020, and the debt portfolio has a weighted average maturity of 5.2 years.

During the second quarter, KRG successfully recast its unsecured revolving credit facility, increasing the borrowing capacity to \$600 million and extending the maturity date to April 22, 2023 (which assumes KRG's exercise of two six-month extensions that are subject to certain conditions). It also lowered the leverage pricing across the grid and lowered

the capitalization rate from 6.75% to 6.50%. Additional details are available in the Form 8-K filed by KRG on April 25, 2018.

Redevelopment

During the quarter, KRG completed construction on 3-R projects at City Center (New York / Northern New Jersey MSA) and Portofino Shopping Center (Houston MSA). KRG invested \$24.8 million in the redevelopment of these assets for a projected combined annualized return of 6.9%. Since inception, projects from KRG's 3-R initiative have an approximate annualized return of 9.4%.

2018 Earnings Guidance

KRG has updated its guidance for 2018 FFO, as defined by NAREIT, to a range of \$1.98 to \$2.01 per diluted common share. This update reflects reduced ownership of the three properties contributed to the new joint venture as described in the Capital Recycling section of this release. Please refer to the full list of guidance assumptions on page 43 of the second quarter supplemental.

Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Future events and actual results, performance, transactions or achievements, financial or otherwise, may differ materially from the results, performance, transactions or achievements, financial or otherwise, expressed or implied by the forward-looking statements. Risks, uncertainties and other factors that might cause such differences, some of which could be material, include, but are not limited to: national and local economic, business, real estate and other market conditions, particularly in light of low growth in the U.S. economy as well as economic uncertainty caused by fluctuations in the prices of oil and other energy sources and inflationary trends or outlook; financing risks, including the availability of, and costs associated with, sources of liquidity; KRG's ability to refinance, or extend the maturity dates of, its indebtedness; the level and volatility of interest rates; the financial

stability of tenants, including their ability to pay rent and the risk of tenant bankruptcies; the competitive environment in which KRG operates; acquisition, disposition, development and joint venture risks; property ownership and management risks; KRG's ability to maintain its status as a real estate investment trust for federal income tax purposes; potential environmental and other liabilities; impairment in the value of real estate property KRG owns; the impact of online retail competition and the perception that such competition has on the value of shopping center assets; risks related to the geographical concentration of KRG's properties in Florida, Indiana and Texas; insurance costs and coverage; risks associated with cybersecurity attacks and the loss of confidential information and other business interruptions; and other factors affecting the real estate industry generally. KRG refers you to the documents filed by KRG from time to time with the SEC, specifically the section titled "Risk Factors" in KRG's and the Operating Partnership's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which discuss these and other factors that could adversely affect KRG's results. KRG undertakes no obligation to publicly update or revise these forward-looking statements, whether as a result of new information, future events or otherwise.

General Description

Kite Realty Group Trust is a full-service, vertically integrated real estate investment trust (REIT) engaged primarily in the ownership and operation, acquisition, development and redevelopment of high-quality neighborhood and community shopping centers in select markets in the United States. As of June 30, 2018, we owned interests in 115 operating and redevelopment properties totaling approximately 22.5 million square feet and two development projects currently under construction.

Our strategy is to maximize the cash flow of our operating properties, successfully complete the construction and lease-up of our redevelopment and development portfolio, and identify additional opportunities to acquire or dispose of properties to further strengthen the Company. New investments are focused in the shopping center sector primarily in markets where we believe we can leverage our existing infrastructure and relationships to generate attractive risk-adjusted returns or otherwise in desirable trade areas. Dispositions are generally designed to increase the quality of our portfolio and to strengthen the Company's balance sheet.

Interim Information

This Quarterly Financial Supplemental contains historical information of Kite Realty Group Trust (“the Company” or “KRG”) and is intended to supplement the Company’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2018 to be filed on or about August 9, 2018, which should be read in conjunction with this supplement. The supplemental information is unaudited, although it reflects all adjustments which, in the opinion of management, are necessary for a fair presentation of operating results for the interim periods.

Forward-Looking Statements

This supplemental information package, together with other statements and information publicly disseminated by us, contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Future events and actual results, performance, transactions or achievements, financial or otherwise, may differ materially from the results, performance, transactions or achievements, financial or otherwise, expressed or implied by the forward-looking statements. Risks, uncertainties and other factors that might cause such differences, some of which could be material, include but are not limited to:

- national and local economic, business, real estate and other market conditions, particularly in light of low growth in the U.S. economy as well as economic uncertainty caused by fluctuations in the prices of oil and other energy sources and inflationary trends or outlook;
- financing risks, including the availability of, and costs associated with, sources of liquidity;
- our ability to refinance, or extend the maturity dates of, our indebtedness;
- the level and volatility of interest rates;
- the financial stability of tenants, including their ability to pay rent and the risk of tenant bankruptcies;
- the competitive environment in which the Company operates;
- acquisition, disposition, development and joint venture risks;
- property ownership and management risks;
- our ability to maintain our status as a real estate investment trust for federal income tax purposes;
- potential environmental and other liabilities;
- impairment in the value of real estate property the Company owns;
- the impact of online retail and the perception that such retail has on the value of shopping center assets;
- risks related to the geographical concentration of our properties in Florida, Indiana and Texas;
- insurance costs and coverage;
- risks associated with cybersecurity attacks and the loss of confidential information and other business disruptions;
- other factors affecting the real estate industry generally; and
- other risks identified in reports the Company files with the Securities and Exchange Commission (“the SEC”) or in other documents that it publicly disseminates, including, in particular, the section titled “Risk Factors” in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, and in our quarterly reports on Form 10-Q.

The Company undertakes no obligation to publicly update or revise these forward-looking statements, whether as a result of new information, future events or otherwise.

Non-GAAP Disclosures

Funds from Operations

Funds from Operations (FFO) is a widely used performance measure for real estate companies and is provided here as a supplemental measure of operating performance. The Company calculates FFO, a non-GAAP financial measure, in accordance with the best practices described in the April 2002 National Policy Bulletin of the National Association of Real Estate Investment Trusts (“NAREIT”). The NAREIT white paper defines FFO as net income (determined in accordance with GAAP), excluding gains (or losses) from sales and impairments of depreciated property, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

Considering the nature of our business as a real estate owner and operator, the Company believes that FFO is helpful to investors in measuring our operational performance because it excludes various items included in net income that do not relate to or are not indicative of our operating performance, such as gains or losses from sales of depreciated property and depreciation and amortization, which can make periodic and peer analyses of operating performance more difficult. FFO should not be considered as an alternative to net income (determined in accordance with GAAP) as an indicator of our financial performance, is not an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of our liquidity, and is not indicative of funds available to satisfy our cash needs, including our ability to make distributions. Our computation of FFO may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. A reconciliation of net income (computed in accordance with GAAP) to FFO is included elsewhere in this Financial Supplement.

Adjusted Funds from Operations

Adjusted Funds From Operations (“AFFO”) is a non-GAAP financial measure of operating performance used by many companies in the REIT industry. AFFO modifies FFO, as adjusted for certain cash and non-cash transactions not included in FFO. AFFO should not be considered an alternative to net income as an indication of the company's performance or as an alternative to cash flow as a measure of liquidity or ability to make distributions. Management considers AFFO a useful supplemental measure of the company's performance. The Company's computation of AFFO may differ from the methodology for calculating AFFO used by other REITs, and therefore, may not be comparable to such other REITs. A reconciliation of net income (computed in accordance with GAAP) to AFFO is included elsewhere in this Financial Supplement.

Net Operating Income and Same Property Net Operating Income

The Company uses property net operating income (“NOI”), a non-GAAP financial measure, to evaluate the performance of our properties. The Company defines NOI as income from our real estate, including lease termination fees received from tenants, less our property operating expenses. NOI excludes amortization of capitalized tenant improvement costs and leasing commissions and certain corporate level expenses. The Company believes that NOI is helpful to investors as a measure of our operating performance because it excludes various items included in net income that do not relate to or are not indicative of our operating performance, such as depreciation and amortization, interest expense, and impairment, if any.

The Company also uses same property NOI (“Same Property NOI”), a non-GAAP financial measure, to evaluate the performance of our properties. Same Property NOI excludes properties that have not been owned for the full period presented. It also excludes net gains from outlot sales, straight-line rent revenue, lease termination fees, amortization of lease intangibles and significant prior period expense recoveries and adjustments, if any. The Company believes that Same Property NOI is helpful to investors as a measure of our operating performance because it includes only the NOI of properties that have been owned and fully operational for the full quarters presented. The Company believes such presentation eliminates disparities in net income due to the acquisition or disposition of properties during the particular quarters presented and thus provides a more consistent comparison of our properties. The year-to-date results represent the sum of the individual quarters, as reported.

NOI and Same Property NOI should not, however, be considered as alternatives to net income (calculated in accordance with GAAP) as indicators of our financial performance. Our computation of NOI and Same Property NOI may differ from the methodology used by other REITs, and therefore may not be comparable to such other REITs.

When evaluating the properties that are included in the same property pool, the Company has established specific criteria for determining the inclusion of properties acquired or those recently under development. An acquired property is included in the same property pool when there is a full quarter of operations in both years subsequent to the acquisition date. Development and redevelopment properties are included in the same property pool four full quarters after the properties have been transferred to the operating portfolio. A redevelopment property is first excluded from the same property pool when the execution of a redevelopment plan is likely and the Company begins recapturing space from tenants. For the quarter ended June 30, 2018, the Company excluded six redevelopment properties and the recently completed City Center, Northdale Promenade and Burnt Store Marketplace redevelopments from the same property pool that met these criteria and were owned in both comparable periods.

Earnings Before Interest Expense, Income Tax Expense, Depreciation and Amortization (EBITDA)

The Company defines EBITDA, a non-GAAP financial measure, as net income before depreciation and amortization, interest expense and income tax expense of taxable REIT subsidiary. For informational purposes, the Company has also provided Adjusted EBITDA, which the Company defines as EBITDA less (i) EBITDA from unconsolidated entities, (ii) gains on sales of operating properties or impairment charges, (iii) other income and expense, (iv) noncontrolling interest EBITDA and (v) other non-recurring activity or items impacting comparability from period to period. Annualized Adjusted EBITDA is Adjusted EBITDA for the most recent quarter multiplied by four. Net Debt to Adjusted EBITDA is the Company's share of net debt divided by Annualized Adjusted EBITDA. EBITDA, Adjusted EBITDA, Annualized Adjusted EBITDA and Net Debt to Adjusted EBITDA, as calculated by us, are not comparable to EBITDA and EBITDA-related measures reported by other REITs that do not define EBITDA and EBITDA-related measures exactly as we do. EBITDA, Adjusted EBITDA and Annualized Adjusted EBITDA do not represent cash generated from operating activities in accordance with GAAP, and should not be considered alternatives to net income as an indicator of performance or as alternatives to cash flows from operating activities as an indicator of liquidity.

Considering the nature of our business as a real estate owner and operator, the Company believes that EBITDA, Adjusted EBITDA and the ratio of Net Debt to Adjusted EBITDA are helpful to investors in measuring our operational performance because they exclude various items included in net income that do not relate to or are not indicative of our operating performance, such as gains or losses from sales of depreciated property and depreciation and amortization, which can make periodic and peer analyses of operating performance more difficult. For informational purposes, the Company has also provided Annualized Adjusted EBITDA, adjusted as described above. The Company believes this supplemental information provides a meaningful measure of our operating performance. The Company believes presenting EBITDA and the related measures in this manner allows investors and other interested parties to form a more meaningful assessment of our operating results.

1 Minimum rent includes \$4.8 million in ground lease-related revenue for the three months ended June 30, 2018.

2 Other property related revenue for the three months ended June 30, 2018 includes \$3.0 million of gain on land sales and \$1.0 million of lease termination income.

3 Parking revenue, net represents the net operating results of the Eddy Street Parking Garage and the Union Station Parking Garage. In the three months ended June 30, 2018, this amount was calculated as revenue of \$460,000 less real estate taxes and property operating expenses of \$127,000 and \$249,000, respectively.

4 Recoverable expenses include total management fee expense (or recurring G&A expense of \$1.3 million) allocable to the property operations in the three months ended June 30, 2018, a portion of which is recoverable. Non-recoverable expenses primarily include bad debt provision, ground rent, professional fees, and operating costs for Lake Lofts at Deerwood.

5 "Recovery Ratio" is computed by dividing tenant reimbursements by the sum of recoverable property operating expense and real estate tax expense.
